Address: **Plot No. 81, Sector 05, IMT Manesar, Gurgaon, 122051, Gurgaon, Gurgaon**
Price: **250,000.00 ?**

ETP Plant Manufacturer: An Effluent Treatment Plant (ETP) is a facility designed to treat and manage industrial wastewater, commonly known as effluent. The primary objective of an ETP is to remove pollutants and contaminants from the wastewater before it is discharged into the environment or municipal sewage systems. This helps in preventing the adverse environmental impact of industrial activities and ensures compliance with environmental regulations.
