BIS certification is issued by the Bureau of Indian Standards (BIS) in India. ASC GROUP Help to Get : BIS Registration, short for Bureau of Indian Standards Registration, is a mandatory certification process established by the Government of India to ensure the quality and safety of products entering the Indian market. The BIS certification is applicable to a wide range of products, including electronics, machinery, chemicals, and more. It signifies that a product complies with the specified Indian standards, promoting consumer safety and preventing the sale of substandard goods. Obtaining BIS Registration is crucial for manufacturers and importers looking to establish trust with Indian consumers and legally market their products in the country.
