Address:

Plot No. 81, Sector 05, IMT Manesar, Gurgaon, 122051, Gurgaon, Gurgaon

Price:

250,000.00 ?

ETP Plant Manufacturer: An Effluent Treatment Plant (ETP) is a facility designed to treat and manage industrial wastewater or effluent discharged from various manufacturing processes. The primary objective of an ETP is to remove contaminants and pollutants from the wastewater before it is released into the environment or reused within the facility. This process is crucial to ensure compliance with environmental regulations and to prevent adverse impacts on ecosystems and public health.
