Shared office space | DesqWorx:

Desqworx is the new and upcoming trend in the co-working sector and they have state-of-the-art facilities and offices that are not only affordable but also very lavish. They have very clean restrooms and provide all the facilities like fast Wi-Fi, multiple printers to avoid queues, and have a cafeteria that serves tasty food and amazing beverages. The staff is there to accommodate all your needs. They are also stationed close to the metro so conveying to and from has been made easier. They also provide parking for personal vehicles.
