Price: **125,000.00 ?**

WAE's Sustainable Glass Bottling Plant- The best for Hotels: WAE, an expert in water and its reuse is also known as a reputed glass bottling plant manufacturer and has come up with its latest and technologically advanced glass bottling plant which offers a complete drinking water solution from water purification to bottle rinsing and cleaning as well as filling and capping, replacing plastic bottles for good! Further, these glass bottling plants are fully customizable accommodating a variety of shapes and sizes of the bottles and caps as per the clients' specific requirements. Thus, these glass bottling plants for hotels have indeed revolutionized the hospitality sector by their scientifically designed, latest, state-of-the art technology to mechanically rinse, clean, fill and cap the recyclable glass bottles with pure drinking water providing a complete and sustainable drinking water solution to the bottling industry, particularly in the hospitality sector.
