Efficient Self-Priming Monoblock Pumps for Versatile Use: Unnati Pump's self-priming monoblock pumps are engineered for excellent suction and high efficiency in diverse applications. With a capacity of up to 60 LPM, these pumps are perfect for multi-story buildings, gardens, and industrial water circulation. Designed to withstand wide voltage fluctuations and high temperatures, they feature thermal overload protectors for motor safety. These lightweight, easy-to-handle pumps offer high suction lift, up to 7.5 meters, making them ideal for water transfer and boosting in various settings. Built with a robust aluminum body and TEFC motor, they provide reliable performance and durability for both residential and commercial use.
