Aimtron: Your Trusted Source for PCB Assembly Manufacturing in Illinois: Aimtron Corporation, headquartered in Palatine, Illinois, is your trusted partner for high-quality PCB Assembly Manufacturing and Electronics Design Services in the USA. Established in 2009, Aimtron specializes in quick-turn prototyping, BGA and micro-BGA assembly, Surface Mount Technology (SMT), and Thru-Hole PCB assembly.

With advanced capabilities including AOI, X-ray inspection, ICT, functional testing, conformal coating, and firmware programming, Aimtron ensures precision, reliability, and performance across every project.

Serving diverse industries across the U.S., Aimtron delivers end-to-end electronics manufacturing solutions — from design and engineering to high-volume production and electromechanical assembly.

Partner with Aimtron for quality-driven, customer-focused EMS solutions that meet global standards.
