University admission management system: A university admission portal or university admission management system is an online platform that allows prospective students to apply for admission to a university or college, designed to streamline and automate the admissions process. These portals are typically used by students to submit applications, track the status of their application, and manage all related documents and information. It helps manage applications, communication with applicants, document submission, and evaluation of candidates. This software is used by universities to simplify administrative tasks, reduce paperwork, improve accuracy, and enhance the overall user experience for both applicants and staff.
